

United Utilities

Our Catchment Team may be carrying out some minor works to the weir at Ennerdale this weekend, weather permitting. I wanted to make you aware in case anyone notices activity in the area or has any queries.

Ideally, we would like to engage prior to our Public Information Event which will happen later this year/early 2027.

Would any of the following work for the Parish Council tour/meeting?

- Tuesday 9th September – afternoon or evening (around 6:00pm)
- Wednesday 9th September - evening (around 6:00pm)
- Thursday 10th September – morning/afternoon

If there isn't enough interest in arranging a tour of the proposed works, then we're more than happy to attend a future Parish Council meeting instead, where we could have a longer slot to talk through the scheme in more detail and answer any questions. Just let me know what would work best.
