

## **Hedge Cutting**

The last specification that was put out to tender was as below:

The road-side face of the Off-road Footpath boundary hedge, from the Cold Fell Road Scarney Brow cattle-grid down to Thornthwaite on the C4004 is the responsibility of the PC. The PC also, out of convenience and courtesy, also trimmed back the hedge which runs down the C4004, starting from the entrance to Ehen Garth and running down the footpath bordering Bridge Park and going round the corner to meet the start of the Church graveyard.

Council needs to review this and amend as necessary.

The Council is not allowed to cut hedges that it is not legally responsible for.
