Title of the Project	LGFC Classroom Upgrade Project
Details of Project (continue on additional sheet if required)	LGFC are planning to restore & improve its complementary outdoor experience facilities for children in the area and to do so are undertaking refurbishment and re-equipping of the LGFC classroom facilities. This capability had to be set aside during the COVID pandemic and there is now an increasing demand in the area for outdoor experiences for our young people from a wellbeing and child development perspective.
Total Cost of Project	LGFC are receiving support from local companies and support organisations who will carry out the refurbishment. A significant component will be work carried out free of charge by these support organisations. Detailed estimates are not yet available however the total value of work done is expected to be several thousand pounds. The Grant from the council will be to purchase new equipment and furniture. The charity request to the E&KPC is for £1000. This will not meet the total equipment requirement that LGFC would like to purchase but any contribution the council makes will be very much appreciated.
Is your project based wholly in the Parish of Ennerdale and Kinniside?	Yes it is all at the Low Gillerthwaite Field Centre in the upper Ennerdale Valley
Who will benefit from the proposed project, and how will it benefit the Parish of Ennerdale and Kinniside?	All schools and children using the Low Gillerthwaite Field Centre will benefit from the Project. Ennerdale and Paddle Primary Schools have already booked and discussions are ongoing within the Kinniside, Frizington and others in the local cluster of schools, particularly for local children from deprived areas where well-being is a major issue. Many schools make repeat visits so the benefit will not be limited only to this year.
Amount Applied for	£1000
Have you applied for other sources of funding if so please give details.	See previous notes, other local organisations are contributing work and supplying materials at no cost. This application to the Council is for other equipment and furnishings and has not been applied for elsewhere. With E&KPC support we would like to approach other local parish councils for additional funds for other equipment for the project.
