

26. Editor for Parish Newsletter

The Parish Council has previously produced a parish newsletter in electronic format. This was also submitted to The Contact magazine.

Rather than being a copy of, or extracts from the minutes, it was a more general summary of what matters were raised and what actions are being taken locally as well as being a way of letting people know when the next meeting was and sometimes seeking volunteers.

Funds have been budgeted towards the inclusion costs in The Contact.

The Council needs to decide if they wish to produce a newsletter again, who will produce and edit this and what their brief will be.
