

## 14. Nuisance Motorbikes

### From Councillor Park

I have called 999 twice when I've come across these motorbikes.

It's not just that they are on Broadmoor trail. They come all the way from Cleator Moor area. They have no registration plates, the bikes don't look road legal, riders mostly have no helmets, have been intimidating people. On the last visit that I reported them they were about for a full hour. They spent 20 minutes, two of them spent 20 minutes in the gather.
