Dear Sir or Madam

COPELAND REMAINDER TRAFFIC REGULATION ORDER REVIEW – CONSULTATION PROPOSAL 19 – SHEPHERDS ARMS

The purpose of this letter is to invite your comments on possible changes to the Traffic Regulation Order (TRO) for Copeland Remainder, at the location shown on the enclosed plan.

Cumbria County Council propose to introduce a section of double yellow line restrictions (no waiting at any time) around the bend near to the Shepherds Arms in Ennerdale, in order to prevent obstructive parking and ensure that safe and efficient traffic flow is maintained at all times.

This initial letter is to invite initial comments and feedback prior to a statutory advertisement which will take place later in the year. Should you have any comments or questions relating to these proposals, **please respond in writing to the above postal or e-mail address by- 11th April 2022; labelling your correspondence “COPELAND REMAINDER - TRO Review” and quoting the proposal number you are referring to.** Any feedback, either in favour or opposing our suggestions, would be appreciated.

Yours faithfully

Ben Carter
Traffic Management Officer
