For example if potential proposals, projects, plans, or community plan issues are brought to the council's attention, the council will consider, investigate and where necessary, take action on them.
- c) Motion: The Council agrees it will, on a regular basis in writing and meetings, request that the major landowners (Forestry England, National Trust, Wild Ennerdale and United Utilities) bring forward their formative proposals, projects, plans and developments as early as possible for engagement with the Council and community prior to them being firmed up, not being limited to those where a planning submission is expected to follow.
- d) Motion: The Council agrees that if concerns are brought to the Councils attention by members of the community in advance of firm information being available, for example on proposals, projects, plans and developments, the Council will be prompt and proactive in investigating and representing these concerns to relevant landowners in writing and in meetings, with feedback to community members and follow up as necessary.
